

Gaffer Tape

Blue Dolphin Gaffer Tape is a matte-finish industrial-grade quality tape to be used when the need for an abrasion resistant, waterproof tape is required. This strong 12-mil product is widely used in the theatrical production industry for securing overhead lighting, stage/prop decorations or holding down audio and other light to medium gauge wire. It is also used in a broad range of commercial applications for protection, packaging and bundling.

FEATURES & BENEFITS:

- High Tensile Strength
- Waterproof
- Matte Black Finish
- Non Reflective
- Quality Synthetic Adhesive – *leaves no residue*
- Strong Adhesion - Stays Put
- Hand Tearable – No Tools Required
